

Inspiring Futures

Feel your health or lack of support network is impacting on you getting a job and staying in work?

Ready to take the next step?

You'll receive help creating a quality CV and access to an online resource with over 1,000 courses.

We'll match you to either paid or voluntary roles that work for you, and keep supporting you and your employer to help you stay in work.

You'll have a dedicated Supported Employment Specialist who'll:

- ✓ work at your pace and personalise support for you and your needs
- ✓ help you into the right job for you that supports and improves your health and wellbeing

What can you expect on your journey with Fedcap?

We understand the difficulties people with health conditions and disabilities face when looking for work.

Our tried and tested approach assesses each person on what they can do. Helping to uncover your talents, we can promote you and your skills to local employers and support you to secure paid or voluntary roles.

Working hand in hand with your employer to meet any needs you have, we'll continue to support you to ensure your work contributes to you enjoying a healthy life.

Is Inspiring Futures right for you?

The programme is for people who:

- ✓ have a health condition that you believe is impacting on you looking for or staying in a job
- ✓ are not currently in work and not receiving any benefits that require you to look for work, or you simply need more support getting back into the workplace
- ✓ live in Cheshire East
